

# A-137-2 Wave Mult. II

VOLTAGE CONTROLLED WAVE MULTIPLIER II

The front panel of the A-137-2 Wave Mult. II module is organized into two columns of knobs. The left column contains four CV inputs labeled CV1, CV2, CV3, and CV4, each with a corresponding 10-position knob. The right column contains four Shift Unit knobs labeled Unit 1, Unit 2, Unit 3, and Unit 4, each with a 10-position knob. Below these is an 'In' knob with a sine wave symbol and a 'Level' knob. At the bottom right is an 'Out' jack with a sine wave symbol. The knobs have markings for 0, 5, 10, 1, 2, 3, 4, 7, 8, and 9. The 'CV' and 'Man.' labels are positioned above the top two knobs in each row. The 'Shift Unit' labels are positioned between the two columns of knobs. The 'In' and 'Level' labels are positioned above their respective knobs. The 'Out' label is positioned above the jack.

**Out:** Audioausgang des Moduls.
